SESSION 03 · CLASS EXERCISE · PAIRS OR THREES

THE TAILOR'S WALL

NAMES _____

A small tailoring shop in your city has two tailors and one sewing room. It has time to serve one kind of customer very well. Picture a shop you know, and choose for it.

1 · CHOOSE ONE GROUP

GROUP	WHAT THEY WANT	OUR CHOICE
A · WEDDING FAMILIES	Perfect fit, fixed dates, large orders a few times a year	
B · OFFICE WORKERS	Suits and shirts, steady repairs, fast and on time	
C · STUDENTS	Hems and repairs at the lowest price, often the same day	
D · SCHOOLS	Many uniforms in one order, once a year, sizes for every child	
E · CLOTHING SHOPS	Alterations for their own buyers, many small jobs, low price per piece	

OUR GROUP _____

REASON 1 _____

REASON 2 _____

2 · WRITE THE WALL

> We do not serve ...., even if ...., because we believe ....

WALL 1 _____

_____

WALL 2 _____

_____

3 · TEST YOUR WALL: THREE CUSTOMERS WALK IN

	WHO WALKS IN	IN OR OUT?
1	A customer wants a copy of a famous brand's jacket, label and all. Pays double.	
2	A customer from a group you left out. Needs one small job today. Pays on time.	
3	A customer from your group wants a rush job in two days. Your tailors are full.	

Wall or weight? If a higher price would change your answer, it was a weight. If nothing would change it, it is a wall.

CHAOS LOG · ONE ENTRY

WHAT HAPPENED? (ONE THING ABOUT OUR CUSTOMER WE DO NOT KNOW YET) _____

FAILURE WE UNDERSTAND, OR CHAOS WE DO NOT? _____

WHAT WILL WE DO BEFORE SESSION 4? _____

FOR YOUR FINAL PROJECT

Who is your customer, and who is outside the wall? Your final presentation names one exact customer. Start now: write the customer, and one group you will not serve.
