GLOSSARY

THE 32 SESSION WORDS
PLUS INTRAPRENEURSHIP

One word for each session, in course order. Definitions come from the key terms and text of the book.

01 **ENTREPRENEURSHIP** Seeing a need that is not being met, gathering the resources to meet it, and carrying the result, including the risk of failure. (Sternberg, 2026, Part 1)

02 **CHAOS** What happens when you do not know why things are going wrong: unknown numbers, unclear decisions, hidden disagreements or a missed part of the business. (Sternberg, 2026, Part 1)

03 **OWNER** The person who carries the result of the business, including the blame. You can be an owner without owning shares. (Sternberg, 2026, Section 01)

04 **STRATEGY** A small set of choices about who you serve, what you offer and why customers pick you. (Sternberg, 2026, Section 01)

05 **OPPORTUNITY** A need, a buyer who will pay to meet it, and a way for you to meet it better than the current option. (Sternberg, 2026, Section 02)

06 **GAP** A need that every current supplier misses. (Sternberg, 2026, Section 02)

07 **RESOURCES** Everything a business can use: money, time, skills, tools, space, materials and the people you know. (Sternberg, 2026, Section 03)

08 **BOOTSTRAPPING** Building a business with your own money and early sales, without outside investors. (Sternberg, 2026, Section 03)

09 **BET** Any commitment of money, time or reputation whose result you cannot know in advance. (Sternberg, 2026, Section 04)

10 **SCENARIO** A believable story about one possible future, used to test a plan. A scenario is not a forecast. (Sternberg, 2026, Section 04)

11 **QUESTION** An open question cannot be answered with yes or no, such as “What happened?” or “Tell me more.” (Sternberg, 2026, Section 05)

12 **EVIDENCE** What people actually did, counted or recorded. Opinions are weak evidence; behavior is strong evidence. (Sternberg, 2026, Section 05)

13 **FAILURE** A result that does not meet the goal. Some failures are cheap and useful; others are expensive and teach nothing. (Sternberg, 2026, Section 06)

14 **PIVOT** A deliberate change of direction based on what you learned. (Sternberg, 2026, Section 06; Ries, 2011)

15 **FOCUS** Putting limited time, money and attention on a few chosen things. (Sternberg, 2026, Section 07)

16 **PRIORITY** The thing that comes first when you cannot do everything. (Sternberg, 2026, Section 07)

17 **FEEDBACK** Information from what customers do and say that tells you what to change next. (Sternberg, 2026, Part 1)

18 **HYPOTHESIS** A guess stated so clearly that a test can prove it wrong. (Sternberg, 2026, Section 05)

19 **SALE** The conversation that turns a buyer’s readiness to listen into a yes. (Sternberg, 2026, Section 08)

20 **CHANNEL** The path a product takes to the customer: your own shop, a market stall, a website, a distributor or a marketplace. (Sternberg, 2026, Section 08)

21 **MARGIN** The share of the price left after costs. Gross margin subtracts only the product’s cost; net margin subtracts all costs. (Sternberg, 2026, Section 09)

22 **RUNWAY** How many months your cash will last at your current spending. (Sternberg, 2026, Section 09)

23 **TEAM** A small group with a shared goal, shared responsibility for the result and members who depend on each other. (Sternberg, 2026, Section 10; Hackman, 2002)

24 **CONFLICT** Task conflict is disagreement about the work, which can help. Relationship conflict is personal, and it hurts. (Sternberg, 2026, Section 10; Jehn, 1995)

25 **BOTTLENECK** The one step, part or supplier that limits how fast the whole operation can move. (Sternberg, 2026, Section 11; Goldratt & Cox, 1984)

26 **SYSTEM** Work you repeat, turned into written routines, so the business runs well even when you are not in the room. (Sternberg, 2026, Section 11)

27 **PRODUCT** What the customer gets: a physical item, a service, software or a mix. (Sternberg, 2026, Section 12)

28 **PROTOTYPE** An early, rough working version used to learn. (Sternberg, 2026, Section 12)

29 **PLAN** Your best current guess about how the business will work. Treat it as a hypothesis, and change it when the evidence is clear. (Sternberg, 2026, Section 05)

30 **REHEARSAL** Practicing your presentation in front of others before the real one, to get feedback and fix it. (Sternberg, 2026, Part 5)

31 **PITCH** A short case for your idea, made to the people who would have to say yes. It is the cheapest test of an idea. (Sternberg, 2026, Part 5)

32 **STARVE** To starve chaos: stop feeding it guesses, vague plans, hidden disagreements and numbers you have not checked. (Sternberg, 2026, Part 1)

\+ **INTRAPRENEURSHIP** Bringing a successful entrepreneur’s skills and mindset inside a large organization. (Sternberg, 2026, Part 1; Pinchot, 1985)
