TWO BAKERIES, ONE STREET.

Two bakeries stand on the same street in your city. Same flour, same ovens, same hours, the same bread at the same price. Customers buy from whichever one is closer. Bakery A wants to win. Picture a street you know well: who walks past at six in the morning, at noon, in the evening?

NAMES _____ GROUP _____

TASK 1 · FIVE AND FIVE 10 MINUTES

Write five ways for Bakery A to be **better**, and five ways to be **different**. Then do Task 2 in the last column.

	YOUR IDEA	C OR N
BETTER 1		
BETTER 2		
BETTER 3		
BETTER 4		
BETTER 5		
DIFFERENT 1		
DIFFERENT 2		
DIFFERENT 3		
DIFFERENT 4		
DIFFERENT 5		

BETTER
The same bread and service as Bakery B, done better (operational effectiveness).

DIFFERENT
A different customer, a different promise, or the same thing done in a different way (strategic position).

TASK 2 · THE COPY TEST 8 MINUTES

1. For each idea: could Bakery B copy it next week, word for word? Write **C** (copy) or **N** (no) in the last column.
2. Your best "different" idea. What would Bakery A have to stop doing to make it work? That is the trade-off.

BEFORE SESSION 05

1. Ask two people who have your team's problem what they do about it today. Write down their answers.
2. Map keeper: add those answers to box 3 of the Problem Map.
3. Chaos-log keeper: add one new entry to your team's chaos log.

DOORS AND OPTIONS.

TASK 3 · ONE-WAY OR TWO-WAY DOOR? 8 MINUTES

Write **1** for a one-way door (you cannot reverse it) or **2** for a two-way door (you can). Then: would you decide with about 70% of the facts, or wait for close to everything?

	BAKERY A'S DECISION	1 OR 2	HOW MUCH WOULD YOU WANT TO KNOW FIRST?
A	Try a new bread for one week.		
B	Sign a five-year lease for a second shop.		
C	Raise the price of one cake for two weeks.		
D	Take a large loan to buy a big new oven.		

YOUR TEAM · PROBLEM MAP BOX 3 CURRENT OPTIONS · FIRST DRAFT · 30 MINUTES

What do people do today about your team's problem? List competitors, substitutes, workarounds and what people simply avoid. Include "do nothing".

	WHAT PEOPLE DO TODAY	WHAT IT DOES WELL	BETTER OR DIFFERENT?
1			
2			
3			
4			
5			

One choice for your idea that none of these options could copy word for word:

Chaos log: what did your team not know today? A failure you understand, or chaos you do not? What will you do?

FOR YOUR FINAL PROJECT

WHY WILL CUSTOMERS PICK YOU, AND NOT A RIVAL?

Your final presentation must answer this. Start now: write one choice a rival could not copy word for word, and what your team gives up to make it.
